

STUDENT RECORDS POLICY

Parents and guardians have the right to inspect and review any school records dealing with their children. Students eighteen (18) years of age or older have the sole right to inspect and review their respective student records. Review and dissemination of any student information shall be conducted under strict statutory precautions. **Student Records** are defined to be all official records, files, documents, and other materials directly related to children, including all material that is incorporated into each student's cumulative record folder, and intended for school use or to be available to parties outside the school or school system. Such items include, but are not necessarily limited to, identifying data, academic work completed, grades, standardized test scores, attendance data, scores on standardized intelligence, aptitude, psychological tests, and health data.

ANNUAL NOTIFICATION

All parents/guardians shall be notified annually of their rights under the *Family Educational Rights and Privacy Act of 1974* (FERPA). Such notification shall be made annually by publication in student handbooks, newsletters, notification to student's home by students, by mail, or publication in the official journal or in such manner as deemed appropriate by the school.

DIRECTORY INFORMATION

A parent or eligible student may refuse to allow the Board to designate any or all of the types of information about the student as directory information thus prohibiting its release to the public. After proper notice, a parent or eligible student shall have thirty (30) days in which to notify the school as to which types of information about the student shall not be designated as directory information.
