Student Enrollment Application Guidelines

Open Enrollment Period: January 8, 2020 through March 27, 2020

Enrollment Lottery Date: April 9, 2020

The MAX Charter School will offer educational services for school children in Grades 1-8 who have a primary diagnosis as identified under Bulletin 1903 of the following: dyslexia, characteristics of dyslexia, or a co-morbid learning difference related to dyslexia. Qualified students will be eligible to attend The MAX Charter School. The MAX Charter School will not deny admission to students based on any identified or known exceptionality as defined by The Individuals with Disabilities Education Act (IDEA), La. R.S. 17:1941, or Bulletin 1530 as long as there is a diagnosis of the following: dyslexia, characteristics of dyslexia, or a co-morbid learning difference related to dyslexia. The MAX Charter School will admit students of any race, color, national and ethnic origin. As a Type 2 Charter School, The MAX Charter School will admit students residing in any parish located in Louisiana.

Submission of an application and all required documentation is not a guarantee of admission. If the number of qualified applicants exceeds the number of available openings, admission will be determined by a lottery. Preference will be given to currently enrolled students, to siblings of currently enrolled students who meet admissions requirements, and to students with a primary diagnosis of dyslexia or students who exhibit characteristics of dyslexia or students who have co-morbid learning differences as it relates to dyslexia-- according to La. R.S. 17.7 (11) and Bulletin 1903.

The MAX Charter School provides **free and appropriate public education**. The school has faculty and staff professionally trained to help school children who have dyslexia and/or related learning differences, as stated above.

Parent(s) completing this application are asked to **attach all required documentation**. A checklist and explanation of all required documentation can be found on page 7 of the Student Enrollment Application Packet. **Any pending evaluation, assessment, and/or diagnosis, once completed must be turned in to the admissions team immediately. If the most recent evaluation, assessment, and/or diagnosis indicate that there is no evidence of dyslexia, the admissions team will re-assess to determine admissions eligibility.**

As a Type 2 Charter School, MAX Charter School will render a decision on enrollment acceptance once all required documents are submitted and the application is considered complete.

Only students deemed eligible for enrollment will be included in the lottery. Due to state requirements, priority will be given to economically disadvantaged students in the form of a weighted lottery. Eligibility documentation is required. Incomplete applications and applications received after 3:00 pm on March 27, 2020 will be reviewed by the admissions team after the lottery on April 9, 2020. If an application is deemed eligible after the open enrollment deadline has passed, these students will be placed on the waitlist in the order in which the **completed** application was received.
