MISSION STATEMENT

The MAX Charter Alternative School is committed to meeting the unique educational needs of students with dyslexia and other language-related learning differences. Its mission is to empower the lives of these students who learn differently.

VISION STATEMENT

The MAX Charter Alternative School, in collaboration with Nicholls State University and the Louisiana Center for Dyslexia and Related Learning Disorders, will continue to nurture the whole child, academically, socially, emotionally, and physically. It is the desire of all stakeholders to empower each student with competence, confidence, and a desire to complete school while realizing learning is a lifelong process.

SCHOOL PHILOSOPHY

The philosophy of The MAX Charter Alternative School is that all children can learn when their learning disorders are properly diagnosed, when their teachers are properly trained, and when their educational environment emphasizes support, dignity, and individual responsibility.

VALUES

The MAX Charter Alternative School values:

- Each child's unique needs
- Equal accessibility
- High expectations for all students
- Diversity
- The concept that all children can learn
- Teaching the whole child

COLLABORATIVE RESPONSIBILITY

Education is a shared responsibility, only part of which is delegated to the school. Parents are a child's first teachers who model the importance of education. Teachers hold the responsibility of educating each child according to his/her need in a safe and positive environment. Each teacher has thoroughly explained and discussed the procedures, rules, rewards, and consequences to his/her students. In order to help create an atmosphere that encourages learning according to our school philosophy, it is necessary to maintain certain levels of conduct and discipline. It is the professional belief of the administration and staff that the Discipline Policies of The MAX Charter Alternative School Governing Board will assist in providing a safe, healthy, and happy atmosphere for each child to learn.

The MAX Charter Alternative School provides parents with the following opportunities:

- back to school parent orientation night
- open house
- parent/teacher conferences
- workshops and parent seminars hosted by the school

These opportunities are available to help further your understanding of your child's unique educational experience.

TEACHING THE WHOLE CHILD

The MAX Charter Alternative School staff strives to instill self discipline, respect, and love for one's self, others, school, community, and country. As a reminder of these goals the students and staff will recite daily the following:

- The Pledge of Allegiance
- The National Anthem
- The Preamble of the Constitution
- MAX Charter Student Pledge

MAX CHARTER STUDENT PLEDGE

I act in such a way that I am proud of myself.

Those who know and love me

are proud of me too.

I come to school to learn, and

I do learn.

I learn at least one new thing each day.

I accept the consequences, good or bad,

of my actions and words, knowing that

I alone am responsible for my behavior.

I live the Golden Rule.

I treat others, as I want them to treat me.

I always strive for the MAX!

The MAX Charter School's Student Attendance Policy is in accordance with the Louisiana's Compulsory School Attendance Law Revised Statutes 17:221 et al., Bulletin 741. It is the responsibility of every parent, tutor, or legal guardian of a child between the ages of seven (7) and eighteen (18) to enforce the attendance of his or her child at the school to which the student is assigned. Once a child arrives at school, he/she is expected to remain in and attend class throughout the school day.

LOUISIANA'S COMPUSORY ATTENDANCE LAW

R.S. 17:221. School attendance; compulsory ages; duty of parents; excessive absences; condition for driving privileges

- A. (1) Every parent, tutor, or other person residing within the state of Louisiana having control or charge of any child from that child's seventh birthday until his eighteenth birthday shall send such child to a public or private day school, unless the child graduates from high school prior to his eighteenth birthday. Any child below the age of seven who legally enrolls in school shall also be subject to the provisions of this Subpart. Every parent, tutor, or other person responsible for sending a child to a public or private day school under provisions of this Subpart shall also assure the attendance of such child in regularly assigned classes during regular school hours established by the school board and shall assure that such child is not habitually tardy from school pursuant to the provisions of R.S. 17:233.
- (2) Whoever violates the provisions of this Subsection or R.S. 17:234 shall be fined not more than two hundred and fifty dollars or imprisoned not more than thirty days, or both. The court shall impose a minimum condition of probation which may include that the parent, tutor, or other person having control or charge of the child participate in forty hours of school or community service activities, or a combination of forty hours of school or community service and attendance in parenting classes or family counseling sessions or programs approved by the court having jurisdiction, as applicable, or the suspension of any state-issued recreational license.
- (3) Whoever violates any other provision of this Subpart or any other provision of law which provides for the penalty provided for in R.S. 17:221 shall be fined not more than fifteen dollars, and, for such violations, each day the violation continues shall constitute a separate offense.
- (4) Visiting teachers or supervisors of child welfare and attendance, with the approval of the parish or city superintendents of schools, shall file proceedings in court to enforce the provisions of this Subpart.
- B. (1) A city, parish, or other local public school board shall grant admission or readmission to school to any person who meets all of the following criteria:
- (a) Resides within the geographic boundaries of the school system.
 - (b) Meets the eligibility requirements for school entrance pursuant to R.S. 17:222(A).

 - (d) Has not received a high school diploma or its equivalent.

(e) Is otherwise eligible for enrollment in a public school pursuant to state law and the policies of the local school board and the State Board of Elementary and Secondary Education.

(b) The person is pregnant.

(c) The person is a parent.

(2) Give priority in selecting pilot schools within the local school districts to those with the highest percentage of nonattendance, and

(3) Focus the program in a manner designed to remedy the underlying problems causing poor school attendance.

D. Each school shall develop and implement a system whereby the school shall attempt to provide verbal notification and, if such verbal notification cannot be provided, then shall provide written notification to a child's parent, tutor, or legal guardian when that child has been absent from school for five school days in schools operating on a semester basis, and for ten days in schools not operating on a semester basis.

In the case of a child who has no parent, tutor, or other person responsible for his school attendance, the superintendent of the city, parish, or other local public school system may act on behalf of the student in making such a request. Upon such request, the superintendent of the city, parish, or other local school system in which the student is enrolled shall be responsible for determining whether the student remains in the regular school setting or attends an alternative education program or a vocational-technical education program and for developing and implementing an individualized plan of education for such student.

G. The provisions of Paragraph (A)(1) of this Section shall not be applicable to any child who is under the age of seventeen and is attending or is seeking admission to a National Guard Youth Challenge Program in this state, and the parent, tutor, or legal guardian of any such child shall not be considered in violation of the provisions of Paragraph (A)(1) of this Section.

H. Nothing in this Section shall prohibit any child from attending or seeking admission to a National Guard Youth Challenge Program in this state.

I. Nothing in this Section shall prohibit a child who is at least sixteen years of age, who meets criteria established by the State Board of Elementary and Secondary Education for enrolling in an effective adult education program, from enrolling in and attending such a program. A parent, tutor, or other person responsible for the school attendance of a child who is at least sixteen years of age but under age eighteen and who is enrolled in and is fulfilling the attendance requirements of an adult education program shall be considered to be in compliance with the school attendance provisions of Paragraph (A)(1) of this Section. As used in this Subsection, an "effective adult education program" means an approved program that has demonstrated a proven record of student progress in the attainment of basic skills and essential competencies as determined by quality indicators and performance-based criteria developed and adopted by the Board of Supervisors of Community and Technical Colleges in accordance with R.S. 17:3217.1(D)(2).

J. Pursuant to a policy adopted by a school board as defined by and in compliance with R.S. 32:431.1, the driving privileges of a child under eighteen years of age may be denied or suspended if the child withdraws from school prior to graduation or has been determined to be habitually absent or tardy as provided in R.S. 17:233.

K. A child who is at least seventeen years of age and who, after successfully completing a program established by the State Board of Elementary and Secondary Education, has been issued a Louisiana high school equivalency diploma in accordance with criteria established by the Board of Supervisors of Community and Technical Colleges shall be considered exited from high school and shall not be subject to the provisions of this Subpart.

ATTENDANCE AND JURISDICTION

The parent or legal guardian shall enforce the attendance of the student. Regular attendance can be assumed to be essential for a student's successful progress in the instructional program.

A student is considered under the jurisdiction of the school during normal school hours from the time the child arrives at the school and until the school dismisses for the day or until the child is checked out by a person or persons legally responsible for him/her or whose name is on file at the school as having the authorization to check the child out.

A student is considered to be in attendance when he/she is physically present at the school site or is participating in an authorized school-sponsored activity and is under the supervision of authorized school personnel. This definition extends to students who are homebound or who are participating in school-authorized field trips or other school-approved activities.

A student is considered to be in attendance for one-half day when he or she is physically present at school or is participating in an authorized school activity and is under the supervision of authorized personnel for more than 25% but not more than half (26%-50%) of the student's instructional day.

A student is considered to be in attendance for a whole day when he or she is physically present at school or is participating in an authorized school activity and is under the supervision of authorized personnel for more than 50% (51%-100%) of the student's instructional day.

Compulsory attendance laws and Louisiana Board of Elementary and Secondary Education (BESE) regulations require elementary students shall be in attendance a minimum of 60,120 minutes a school year in order to be eligible to receive credit for courses taken.

Students at The MAX Charter Alternative School shall have no more than ten days non attendance unless an absence has been excused. In addition, students are expected to have no more than three (3) consecutive unexcused absences or five (5) total unexcused absences in any semester.

EXCUSES AND TYPES OF ABSENCES

A student who is absent from school for an excused or unexcused reason is expected to present a written note for the absence(s) either from a licensed professional or from the person(s) legally responsible for the student. The student may not be permitted to make up missed school work unless such a written excuse is presented. The days absent for elementary and secondary school students shall include non-exempted excused, exempted excused, unexcused, and suspension.

1. **Non-Exempted Excused:** absences incurred due to personal illness or serious illness in the family (documented by acceptable excuses, including a parental note) which are not considered for purposes of truancy, but which are considered when determining whether or not a student is eligible to make up work and tests, receive credit for work completed, and receive credit for a course and/or school year completed.
2. **Exempted Excused:** absences which are not considered for purposes of truancy and are not considered when determining whether or not a student is eligible to make up work and tests, receive credit for work completed, and receive credit for a course and/or school year completed. These exempted absences do not apply in determining whether a student meets the minimum minutes of instruction required to receive credit.

Eligible Exempted Excused Absences:

- a. extended personal physical or emotional illness as verified by a physician or nurse practitioner licensed in the state;
 - b. extended hospital stay in which a student is absent as verified by a physician or dentist;
 - c. extended recuperation from an accident in which a student is absent as verified by a physician, dentist, or nurse practitioner licensed in the state;
 - d. observance of special and recognized holidays of the student's own faith;
 - e. visitation with a parent who is a member of the United States Armed Forces or the National Guard of a state whereby such parent has been called to duty for or is on leave from overseas deployment to a combat zone or combat support posting... Excused absences in this situation shall not exceed five (5) school days per school year.
 - f. absences verified and approved by the school principal or designee as stated below:
 - *Prior school system-approved travel for education.*
 - *Death in the immediate family (not to exceed one week)...
The director/principal may require an obituary as verification.*
 - *Natural catastrophe and/or disaster.*
 - *For any other extenuating circumstances, the student's parents/legal guardian must make a formal appeal in accordance with the due process procedures established by The MAX Charter Alternative School.*
3. **Unexcused Absence:** any absence not meeting the requirements set forth in the excused absence and extenuating circumstances definitions, including but not limited to absences due to any job (including agriculture and domestic services, even in their own homes or for their own parents or tutors) unless it is part of an approved instructional program. Students shall be given failing grades in those days missed and shall not be given the opportunity to make up work.
 4. **Suspensions:** A non-exempted absence in which a student is allowed to make up his work and is eligible for consideration for credit provided it is completed satisfactorily and in a timely manner. The absence is considered when determining whether or not a student may or may not be promoted, but it is not considered for purposes of truancy. Students absent from school as a result of any suspension shall be counted as absent.

TARDY

- **If the green flag is no longer posted in the front of the school, an adult must come into the school to sign-in the student at the office.**
- Students who are not in the building by 7:55 will be marked tardy.
- Students are only admitted to class, after the bell, with a tardy slip.
- **Tardy shall also mean leaving or checking out of school before the final school bell for reasons not defined as excused.** MAX Charter Alternative School will follow a **NO EARLY CHECKOUT RULE.**
- The principal of the school or his/her designee shall notify the parent/guardian in writing on or before a student's third (3rd) unexcused occurrence of being tardy and shall hold a conference with such student's parent or legal guardian. This notification shall include information relative to the parent or legal guardian's legal responsibility to enforce the student's attendance at school and the civil penalties that may be incurred if the student is determined to be habitually absent or habitually tardy. The student's parent or legal guardian shall sign a receipt for such notification.
- Students who have five (5) unexcused occurrences of being tardy in a school semester will be designated as truant by the director/principal and become subject to the same consequences as other truant students.
- **Checking Out: An adult must come to the school office to sign-out the student.** Please list all persons who may pick up your child from school on the form provided. If someone other than the parent/guardian will be signing your child out of school, a written note signed by the parent is required.

TRUANCY

The principal of the school or his/her designee shall notify the parent/guardian in writing on or before a student's third (3rd) unexcused absence or third (3rd) unexcused occurrence of being tardy and shall hold a conference with such student's parent or legal guardian. This notification shall include information relative to the parent or legal guardian's legal responsibility to enforce the student's attendance at school and the civil penalties that may be incurred if the student is determined to be habitually absent or habitually tardy. The student's parent or legal guardian shall sign a receipt for such notification.

The principal or designee shall attempt to provide verbal notification to a child's parent, tutor, or legal guardian, and if such verbal notification cannot be provided then the school shall provide written notification to a child's parent, tutor, or legal guardian when the child has been absent from school for five (5) days within a semester. A letter will also be sent to the District Attorney's Child Welfare and Attendance Officer. A copy of this letter will be sent to the parent or legal guardian; signature of receipt of the copy of the letter shall be required.

APPEAL

When a student exceeds the maximum number of unexcused or consecutive allowed absences, the person(s) legally responsible for the child may make a formal appeal in writing to the director/principal if there is a belief the unexcused absence should be excused.

If the appeal to the director/principal is denied, a second written appeal with relevant documents, if desired, shall be presented to the Board of Directors. The Board of Directors will hear the appeal, but will render its decision in writing in a timely manner but at a later time.

No appeals and/or documentation shall be accepted for any absence in excess of the minimum attendance requirements after ten (10) working days at the end of the school year.

BULLYING POLICY

THREATS, BULLYING (INCLUDING CYBER BULLYING), INTIMIDATION, HARRASMENT AND HAZING

The MAX Charter Alternative School believes that all students have a right to a safe and healthy school environment. All schools within the district have an obligation to promote mutual respect, tolerance, and acceptance among students, staff, and volunteers. Behavior that infringes on the safety of any student will not be tolerated. A student shall not bully or intimidate any student through words or actions. Such behavior includes, but is not limited to direct physical contact, verbal assaults, the use of electronic methods, and social isolation and/or manipulation. According to the Center for Disease Control, "Bullying is any **unwanted aggressive behavior(s)** by another youth or group of youths who are not siblings or current dating partners that involves an **observed or perceived power imbalance and is repeated multiple times or is highly likely to be repeated**. Bullying may inflict harm or distress on the targeted youth including physical, psychological, social, or educational harm. The school district policy prohibiting bullying is included in the student code of conduct and includes but is not limited to the following:

- Any student who engages in bullying will be subject to disciplinary action up to and including expulsion.
- Students are expected to immediately report incidents of bullying to the principal or designee.
- School staff and/or administrators will promptly investigate each complaint of bullying in a thorough and confidential manner.
- If the complainant student or parent of the student feels that appropriate resolution of the investigation or complaint has not been reached after consulting the school principal, the student or the parent of the student should contact the president of the board or his or her designee.
- The MAX Charter Alternative School prohibits retaliatory behavior against any complainant or any participant in the complaint process.

All students and/or staff shall immediately report incidents of bullying, harassment or intimidation to the school principal or designee. School staff members are expected to immediately intervene when they see a bullying incident occur. Each complaint of bullying shall be promptly investigated. This policy applies to students on school grounds, while traveling on a bus to and from school, or a school-sponsored activity, and during a school-sponsored activity.

Bullying and intimidation will not be tolerated. Disciplinary action will be taken following each confirmed incident of bullying. Disciplinary action after the first incident of bullying may include but is not limited to the following:

- Loss of a privilege
- Reassignment of seats in the classroom, lunch room or bus
- Reassignment of classes
- Detention
- In-school suspension
- Out-of-school suspension
- Expulsion
- Assignment to an alternative school setting

If necessary, counseling and other interventions should also be provided to address the social-emotional, behavioral, and academic needs of students who are victims of bullying and students who commit an offense of bullying.

Students, parents/guardians and other school personnel may report incidents of bullying to an administrator, teacher, counselor or other staff member orally or in writing by using the appropriate form.

The procedures for intervening in bullying behavior include but are not limited to the following:

- All staff, students, and their parents will receive a copy of the policy prohibiting bullying at the beginning of the school year as part of the student code of conduct.
- The school will keep a report of bullying and the results of an investigation confidential.
- Staff are expected to immediately intervene when they see a bullying incident occur or upon receipt of any report of bullying.
- Anyone who witnesses or experience bullying is encouraged to report the incident to a school official.

The following actions will be taken when bullying is reported:

1. Investigation

Upon receipt of any report of bullying, schools will direct an immediate investigation of the incident. The investigation will begin no later the next business day in which the school is in session after the report is received by the school official. The investigation will be completed no later than ten school days after the date the written report of the incident is submitted to the school official. The investigation shall include interviewing the alleged perpetrator(s) and victim(s), identified witnesses, teacher(s), and staff members separately. Physical evidence of the bullying incident will be reviewed, if available.

2. Notification

Parents or legal guardians of the victim and accused student will be notified of the investigative procedure. If the incident involves an injury or similar situation, appropriate medical attention should be provided and the parent/guardian should be notified immediately.

3. Discipline

Upon confirming that bullying has occurred, the accused student will be charged with bullying and will receive age-appropriate consequences which shall include, at minimum, disciplinary action or counseling.

4. Follow Up

Complainants will be promptly notified of the findings of the investigation and the remedial action taken.

5. Documentation

Written documentation containing the findings of the investigation, including input from the students' parents or legal guardian, and the decision by the school official, will be prepared and placed in the school records of the victim and perpetrator.

CHILD FIND POLICY

Child Find is a legal requirement, part of the Individuals with Disabilities Education Act (IDEA), for schools to find children who have disabilities and are in need of services. Identifying these children is an important first step toward getting them the help they need to succeed in school.

Child Find requires schools to continuously search for and evaluate children who may have a disability. At least seven main elements are included in the Child Find program:

- **Definition of Target Population:** The state defines the criteria that determine which children are eligible for special education services. The MAX Charter School adheres to the standards set forth by the state of Louisiana.
- **Public Awareness:** The state raises public awareness about children who need help and the services available to them, targeting parents, caregivers, educators, school staff, physicians and others. Because Max Charter School is a Type 2 charter school with a limited enrolment capacity and a specific educational mission, advertising centers around the admissions period as stated in the contract with the Board of Elementary and Secondary Education and is targeted to students who fit the mission of the school.
- **Referral and Intake:** A child is referred according to the school's SBLC procedures.
- **Screening and Identification:** The child is screened for possible disabilities.
- **Eligibility Determination:** Results of the screening are compared to the state's eligibility guidelines, which is consistent with federal regulations.
- **Tracking:** The state tracks and follows up with children who are receiving services. Max Charter School utilizes the state's Special Education Reporting (SER) system.
- **Interagency Coordination:** In some cases, multiple agencies share responsibilities mandated by IDEA. The MAX Charter School coordinates available resources (speech therapy, occupational therapy, psychological counseling, etc.) on an as-needed basis.

DRESS CODE POLICY

Experience indicates that there are sanitation and safety factors directly related to proper dress and grooming. There is a real and reasonable connection between proper dress/grooming and the successful operation of the school with respect to discipline as well as student achievement. This dress code policy has been developed in consideration of The MAX Charter Alternative School's unique population. Student and Teacher dress codes have been implemented to reduce distractions.

HOMELESS STUDENTS POLICY

The MAX Charter Alternative School Board shall provide a free appropriate public education to any homeless child or youth within its jurisdiction. For the purpose of this policy, the term *homeless* includes an individual who lacks a fixed, regular, or adequate residence; or has a primary nighttime residence in a shelter, an institution providing temporary residence for individuals intended to be institutionalized, or a public or private place not designated for, or ordinarily used as, a regular sleeping accommodation for human beings; or is sharing the housing of other persons. The term does not include any individual imprisoned or adjudicated. Homeless students who qualify for enrollment will be placed in school immediately, even if required registration documents are unavailable. School documents needed should be requested after the student has been enrolled. There will be no barriers to homeless children and youth entering school. In addition to the above, the MAX Charter Alternative School Board shall:

- Maintain and have immediately available, any records ordinarily kept by the school of each homeless child or youth (immunization records, academic records, birth certificates, guardianship records, evaluations for special services or programs, etc.). Students meeting the definition of *homeless* will not be denied entry into a school due to the lack of records or documentation normally required for entry into a school.
- Continue the education of homeless children or youth in the school of origin for the remainder of the academic year, or for the following academic year if the family becomes homeless between academic years, or enroll the child or youth in any school in which other students living in the attendance area in which the child or youth is actually residing are eligible to attend, whichever is in their best interest.
- Ensure school placement of the homeless child or youth according to the School Board's admission policy.
- Provide services comparable to services offered to other students in the school of attendance, including educational services for which the child or youth meets the eligibility criteria--Title I programs, special education, limited English proficiency, etc.
- Designate a homeless liaison to coordinate services and ensure that there are no barriers to the enrollment, transportation, attendance, and success in school for homeless children and youth. Additionally, the homeless liaison will promptly solve disputes regarding educational placement.

IMMUNIZATION POLICY

The MAX Charter Alternative School shall require all children entering the school for the first time and upon entering the sixth (6th) grade to present satisfactory evidence of immunization against vaccine-preventable diseases according to state law and a schedule approved by the State Office of Public Health, or shall present evidence of an immunization program in progress. Documentation must be provided within 14 school days of enrollment. In addition, a student who is eleven (11) years old and entering a grade other than the sixth (6th) grade shall provide satisfactory evidence of current immunization against meningococcal disease. The school may require immunizations or proof of immunity more extensive than required by the Office of Public Health. Any student failing to meet the immunization standards shall be prohibited from attending school until such time as the immunization standards are met.

A child transferring from another school system in or out of the state, shall submit either a certificate of immunization or a letter from his/her personal physician indicating immunization against the diseases mentioned above and/or any others which may be required, and certificate or statement indicating that the tests required have been performed, or a statement that such immunizations and tests are in progress. *In progress* shall mean that the child has an immunization due after the date school has begun,

because the child began his/her immunization late, or because the child's pediatrician has provided written orders for the child to receive an immunization after a certain date. If booster injections for the diseases enumerated on the state schedule are advised, such booster injections shall be administered before the child enters a school system within the state.

No child seeking to enter MAX Charter Alternative School shall be required to comply with the provisions of this written policy if the child or his/her parent or guardian submits either a statement from a physician stating that this procedure is contraindicated for medical reasons, or a written dissent from the parents is presented. Exception in compliance may also apply to any person who is unable to comply due to a shortage in the supply of available vaccinations against meningococcal disease.

If an outbreak of a vaccine-preventable disease occurs, upon the recommendation of the State Office of Public Health, school administrators may exclude from attendance non-immunized students until the appropriate disease incubation period has expired, or the non-immunized person presents evidence of immunization.

PART II. ADOPTION

This LEA's Parental and Family Engagement Policy has been developed jointly with, and agreed on with, parents of children participating in Title I, Part A programs, as evidenced by The MAX Charter Alternative School. This policy was adopted by The MAX Charter Alternative School. The LEA will distribute this policy to all parents of participating Title I, Part A children.

SECLUSION AND RESTRAINT POLICY

The MAX Charter Alternative School recognizes that, in order for students to receive a free and appropriate education, a safe environment needs to be provided. In doing so, The MAX Charter Alternative School also recognizes that there are circumstances in school under which reasonable and appropriate measures and techniques will need to be employed in dealing with violent or noncompliant student behavior.

The MAX Charter Alternative School shall sanction the use of student seclusion and restraint techniques when such use is consistent with the student's Individualized Education Plan (I.E.P.), Section 504 plan, or Behavior Intervention Plan (B.I.P.), and with the requirement that I.E.P. teams consider the use of positive behavioral interventions and support when the student's behavior impedes his/her learning or the learning of other students. However, this does not preclude the use of seclusion or restraint techniques in circumstances where school personnel reasonably believe that the student's behavior involves an imminent risk of harm to the student or others. Seclusion shall mean a procedure that isolates and confines a student in a separate room or area until he or she is no longer an immediate danger to self or others. Restraint shall mean the application of bodily force or any device or object used to limit a person's movement. Imminent risk or harm shall mean an immediate and impending threat of a person causing substantial physical injury to self or others.

The parent or other legal guardian of a student who has been placed in seclusion or physically restrained shall be notified as soon as possible. The student's parent or other legal guardian shall also be notified in writing, within twenty-four (24) hours, of each incident of seclusion or physical restraint. Such notice shall include the reason for such seclusion or physical restraint, the procedures used, the length of time of the student's seclusion or physical restraint, and the names and titles of any school employee involved.

The Director/Principal shall be notified any time a student is placed in seclusion or is physically restrained.

A school employee who has placed a student in seclusion or who has physically restrained a student shall document and report each incident. Such report shall be submitted to the school principal no later than the school day immediately following the day on which the student was placed in seclusion or physically restrained and a copy shall be provided to the student's parent or legal guardian.

The rules and guidelines adopted for the appropriate use of Seclusion and Restraint shall be provided to all school employees and every parent of a student with an exceptionality.

The rules and guidelines shall not be applicable to a student or the parent of a student who has been deemed to be gifted or talented unless the student has been identified as also having a disability.

All instances where seclusion or physical restraint is used to address student behavior shall be reported by The MAX Charter Alternative School to the Louisiana Department of Education.

Guidelines and Procedures

The School Board shall require the Director/Principal and staff to maintain adequate procedures governing the use of seclusion and physical restraint of students that are in accordance with federal and state law, as well as regulations promulgated by the Louisiana Board of Elementary and Secondary Education (BESE).

At a minimum, the guidelines and procedures shall include the following:

1. No student shall be subjected to any form of mechanical restraint.
2. Physical restraint shall be used only:
 - a. when a student's behavior presents a threat of imminent risk of harm to self or others and only as a last resort to protect the safety of self and others.
 - b. to the degree necessary to stop dangerous behavior.
 - c. in a manner that causes no physical injury to the student, results in the least possible discomfort, and does not interfere in any way with a student's breathing or ability to communicate with others.
3. No student shall be physically restrained in a manner that places excessive pressure on the student's chest or back or that causes asphyxia.
4. A student shall be physically restrained only in a manner that is directly proportionate to the circumstances and to the student's size, age, and severity of behavior.
5. Seclusion and physical restraint shall not be used as a form of discipline or punishment, as a threat to control, bully, or obtain behavioral compliance, or for the convenience of school personnel.
6. No student shall be subjected to unreasonable, unsafe, or unwarranted use of seclusion or physical restraint.
7. A student shall not be placed in seclusion or physically restrained if he or she is known to have any medical or psychological condition that precludes such action, as certified by a licensed health care provider in a written statement provided to the school.
8. A student who has been placed in seclusion or has been physically restrained shall be monitored continuously. Such monitoring shall be documented at least every fifteen (15) minutes and adjustments made accordingly, based upon observations of the student's behavior.
9. A student shall be removed from seclusion or released from physical restraint as soon as the reasons for justifying such action have subsided.

Follow-Up Procedures

Following any situation resulting in the use of seclusion or restraint of a student, a Functional Behavioral Assessment (FBA) should be considered. If a student is involved in five incidents in a single school year involving the use of physical restraint or seclusion, the student's Individualized Education Plan team shall review and revise the student's behavior intervention plan to include any appropriate and necessary behavioral supports. The documentation compiled for a student who has been placed in seclusion or has been physically restrained and whose challenging behavior continues or escalates shall be reviewed at least once every three weeks.

ANNUAL NOTICES

ANNUAL NOTIFICATION OF FERPA RIGHTS

The Family Educational Rights and Privacy Act (FERPA) affords parents and students who are 18 years of age or older ("eligible students") certain rights with respect to the student's education records. These rights are:

1. The right to inspect and review the student's education records within 45 days after the day The MAX Charter Alternative School receives a request for access. Parents or eligible students should submit to the school principal [or appropriate school official] a written request that identifies the records they wish to inspect. The school official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.
2. The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA. Parents or eligible students who wish to ask The MAX Charter Alternative School to amend a record should write the school principal [or appropriate school official], clearly identify the part of the record they want changed, and specify why it should be changed. If the school decides not to amend the record as requested by the parent or eligible student, the school will notify the parent or eligible student of the decision and of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.
3. The right to provide written consent before the school discloses personally identifiable information (PII) from the student's education records, except to the extent that FERPA authorizes disclosure without consent. One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the school as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel) or a person serving on the school board. A school official also may include a volunteer or contractor outside of the school who performs an institutional service of function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of PII from education records, such as an attorney, auditor, medical consultant, or therapist; a parent or student volunteering to serve on an official committee, such as a disciplinary or grievance committee; or a parent, student, or other volunteer assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, the school discloses education records without consent to officials of another school district in which a student seeks or intends to enroll, or is already enrolled if the disclosure is for purposes of the student's enrollment or transfer. [NOTE: FERPA requires a school district to make a reasonable attempt to notify the parent or student of the records request unless it states in its annual notification that it intends to forward records on request.]

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by The MAX Charter Alternative School to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

Family Policy Compliance Office, U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202

FERPA permits the disclosure of PII from students' education records, without consent of the parent or eligible student, if the disclosure meets certain conditions found in §99.31 of the FERPA regulations. Except for disclosures to school officials, disclosures related to some judicial orders or lawfully issued subpoenas, disclosures of directory information, and disclosures to the parent or eligible student, §99.32 of the FERPA regulations requires the school to record the disclosure. Parents and eligible students have a right to inspect and review the record of disclosures. A school may disclose PII from the education records of a student without obtaining prior written consent of the parents or the eligible student –

- To other school officials, including teachers, within the educational agency or institution whom the school has determined to have legitimate educational interests. This includes contractors, consultants, volunteers, or other parties to whom the school has outsourced institutional services or functions, provided that the conditions listed in §99.31(a)(1)(i)(B)(1) - (a)(1)(i)(B)(2) are met. (§99.31(a)(1))

FOSTER CARE PROVISIONS IN THE EVERY STUDENT SUCCEEDS ACT

Louisiana’s lawmakers and its education and child welfare agencies have created policies to help ensure the educational stability of children in foster care. In 2006 the legislature passed House Current Resolution (HCR) 228 that addressed several important issues regarding foster care students in schools, including maintaining current and accurate health and educational records, timely transfer of student records, resolution of transportation and delivery issues, and most appropriate educational placement of foster care children. In response to HCR 228, in 2009, the Department of Education and the Department of Social Services issued its joint Plan to Improve Educational Outcomes for Students in Foster Care that outlined the departments’ joint strategies to address these and other issues. In addition, policies regarding school placement and transportation of foster care students were issued in Revised Statute 17:238 and in BESE Bulletin 741, Chapter 11 Student Services, Section 1109: Assignment and Transfer of Students (<http://bese.louisiana.gov/>). Together, these policies outline the requirements for local education agencies (LEAs) regarding school placement and transportation of children in foster care. These state policies, in connection with the successful history of collaboration between the state and local education agencies collaboration with child welfare agencies, lay a strong foundation upon which to implement the foster care provisions outlined in ESSA.

HEALTH/ILLNESS RECOMMENDATIONS

The ultimate goal for The MAX Charter School is to educate your child. In order for us to accomplish this goal, students must be healthy and in the right frame of mind for learning to take place. We ask that you encourage your child to wash hands frequently, to cough into their arm or a tissue, and to discard any used tissue into the garbage can. For your child's well-being and for the protection of other students and staff, the following **recommendations** are provided for your consideration.

FEVER

Students with fever of 100 or greater should remain home until they are fever free for 24 hours without fever reducing medications. If the fever continues for more than 48 hours, it is recommended that he/she be seen by a doctor.

VOMITING/DIARRHEA

Students who are vomiting and/or have diarrhea should remain home until he/she has not vomited or had diarrhea for 24 hours. It is advised that you stop milk and milk products for the next few days. It is recommended that you contact your doctor if your child becomes dehydrated.

"PINK EYE"/CONJUNCTIVITIS

Students who have redness in the white of the eye, watery or thick drainage with mucus and pus that causes the eyelids to stick together, and complains that their eye burns, itches, or feels as if they have something in it, should remain home from school. Pink eye is a highly contagious condition. In order for your child to return to school, it is requested that he/she must receive a note from the doctor stating that it is no longer contagious.

LICE

Students diagnosed with live head lice are to be treated at home and may return to class after appropriate treatment has begun. Head lice can be a nuisance but they have not been shown to spread disease. Personal hygiene or cleanliness in the home or school has nothing to do with getting head lice. (from www.cdc.gov, Head Lice Information for Schools)

COLDS

A typical cold lasts about 1 week, causing a stuffy nose, mild cough, and low-grade fever, generally less than 100 degrees. If your child has a temperature above 100 degrees, a bad cough, sore throat, ear ache, or headache, he/she should remain home. If these symptoms persist for 48 hours, it is recommended that your child be seen by a doctor.

NASAL DISCHARGE

Students who have a yellow/green discharge from the nose for more than 3 days, a yellow/green discharge accompanied by a fever, or who are coughing up yellow/green mucus should be seen by a doctor.

RINGWORM

The infection manifests itself usually in the form of one to four flat, ring-shaped sores that can be dry or scaly, or crusted and moist. Ringworm can be transmitted as long as untreated sores remain on the skin. Ringworm medication may be purchased at any drugstore without a prescription.
